

Scientific Photo-/ Electroluminescence

PLpix™

PLpix™: Scientific EL/PL Tool for R&D

- Cooled scientific Si-CCD Camera
- Up to 16 megapixel
- Variable field of view: 200x200 mm² to 5x5 mm²
- Laser excitation up to 2 suns with >97% homogeneity
- Evaluation of series resistance
- Evaluation of dark current density
- QSSPC integration for calibrated lifetime

Excellent Laser Homogeneity
